A Marshall plan against poverty, hunger, flight and desertification

Peiner of the Year - our readers nominate the Vechelder Nasir El Bassam.

By Jörg Kleinert
05.01.2018 - 16:16

Professor Nasir El Bassam thinks globally, he travels globally. But he loves to act locally.

A native of Iraq, he is a leading expert on issues relating to the topics of renewable energies and the energy transition. The conviction of the 79 year-old: "Local citizens can expedite the energy transition ..."
